Caves of Drach

Itinerário

Upon arrival of your cruise ship, the guide will be identified with a ***SHORE2SHORE***© sign.
Join us on this fantastic excursion through the interior of the Balearic island of ***Majorca*** to the ***Caves of Drach***.
Located on the east coast of ***Mallorca***, these caves are one of the main tourist attractions and undoubtedly one of the most remarkable on the island, with a horizontal extension of about 1,200 metres and a maximum depth of 25 metres below the surface.
The ***caves*** are hidden inside a large underground lake, ***Lake Martel***, considered one of the largest underground lakes in the world (177 metres long and 30 metres wide), where classical music concerts are held daily with pieces by ***Caballero, Chopin, and Offenbach***. The incomparable beauty of these caves is enhanced by the lighting designed and implemented by engineer ***Carlos Buigas***.
We will have free time in ***Porto Cristo***, a typical Mallorcan fishing village with many restaurants, bars and some shops along the seafront promenade.
Return to the port at the end of the excursion and farewell.
